Manager's Corner

Our biggest **thanks** to all who helped in any way to make Porkapalooza 2017 a success. Whoohoo!

Thanks, also, to all who participated in the United Way Day of Caring and the labor they pitched in to make our place better and more beautiful.

I hope you are ready for fall because it is here. We are seeing beautiful tree colors that Mother Nature paints for us in the landscape. Cooler days and nights are just around the corner. They'll be here before the November newsletter is written, for sure.

As we look at all the activities in October, it seems like we weren't at all busy during the summer and everybody saved up for now. I'm out of breath just thinking about all the things I need to do and the places I want to go.

There is Ghost Walks downtown, and the play by the Newburgh Theater group and there are car shows and quilt shows and craft auctions. Oh, my.

And then, there's all the stuff I want to do for Christmas. It's easy to get overwhelmed with our busy-ness.

I hope we remember to sit down and enjoy Fall for a bit before we get wrapped up in the holidays. And I hope you'll tell all your friends and family about the events we have going on here in October. There will be more through the newsletter about them, but just a couple are worth mentioning more than once.

On Thursday, October 5 at noon, a group of health care professionals are coming to inform and educate us

about a plethora of topics, including what's new with Medicare.

Then on Saturday October 21, at 2 p.m., Bill Jamerson is coming to give us a presentation on the history of the Civilian Conservation Corps that launched during the Great Depression. Mr. Jamerson is a storyteller and songwriter and this should be a fun program. And we can't forget Halloween. We'll celebrate with a party and prizes.

Start thinking about your costume early so you can astound your friends with your creativity.

Since my oldest was born on Halloween, I have many memories of past Halloweens and birthdays tied together. She was a tiny preemie and back then, hospitals had little in the way of preemie support. She was more or less on her own. Needless to say, we and many others prayed a lot.

I'll never forget the foot doctor who believed she would live and put casts on both her feet when she was five days old.

Many lessons she taught us: Be strong and carry on. It's okay to have a cry now and then, but you have to dry your tears and get back to the important stuff. Courage is where you start. The rest kind of falls into place around you. Faith is the spark that lights that fire under us. Live one day at a time and be happy with it.

All our assorted children are blessings to us, but she was the first and the smallest and had huge hurdles to get over and through.

If I ever need reminding of the necessity for plugging along, she is it.

I don't quite know how she has become older than her mother!

She reminds me of her grandmother and her great-grandmother, who were both courageous women in their own right and who taught their children and grandchildren that faith is not just a convenience and that getting by is not good enough.

HELP bringing program to NSC

A dedicated group of health care professionals is bringing us information about choices we may want to make about our lives in general and specifically about our health care and home care. HELP stands for Health Education Learning Partners. They will be here Thursday, October 5 at noon and will spend all the time we need to educate

us and answer questions.

BriAnn Hill will be here from SHIP, discussing changes in Medicare and some of the choices available for coverage.

Others with her will be specialists from home health, acute rehab, assisted living, hospice and other caregivers. They want to educate people about

the different health care resources that are available in our area.

We may not need this type of care right now, but we might in the future or know someone now who could use

October Kazoo Band dates set

Thanks to all who helped us thru United Way Day of Caring

We are so grateful to the volunteers from Alcoa and Vectren who shared their time and talents with us this year for the annual United Way Day of Caring.

More than 20 volunteers from Alcoa painted our accent walls, the foyer

and the columns out front. They also constructed, from the ground up, a set of raised beds for our garden. Some of them showed up here at 6:30 a.m. to start their work for us, bringing their saws, lumber and ladders. Alcoa provided all the materials for the projects, too.

Because they recruited so many volunteers for our projects, Alcoa also presented us with an Action Grant check. Thanks for your support!

Thanks also to the Vectren volunteers who cleaned our windows, trimmed our trees and bushes and straightened up our landscaping. We are looking good, thanks to our volunteers!

Wow, it has been a long summer vacation but now it's the fall weather we have been waiting for. How about singing with us? Just jump in and give it a try. We would love to have you join us! No special talent required.

— Colleen

Friday lunches for October

SWIRCA does not serve lunches on Fridays but we eat here at the Newburgh Senior Center just the same. Some Friday lunches are sponsored each month by organizations and businesses in our area. We are most grateful for their support. Other times, we fix lunch or carry in our favorite dishes.

Because of copyright issues, we are not allowed to print our Friday lunch sponsors on the SWIRCA menu. So, each month, look for our Friday lunch sponsors in our newsletter. The menus for Friday lunches are usually a surprise because our friendly sponsors get to choose what they bring.

Everybody who has lunched with us on Fridays will vouch that these are stellar meals and you won't be disappointed.

The suggested donation, like all our lunches, is \$3.50, so we can cover the costs for lunches that

are not sponsored.

Sponsors for October Friday lunches are Zion UCC, (fried chicken, potato salad) first Friday; Atria Senior Living, second Friday; Senior Center, (burgers, etc. from Burger King) third Friday; and Hamilton Pointe (fourth Friday).

Thanks a thousand times to our Friday lunch sponsors. If your group or company would like to sponsor a Friday lunch, call NSC at 812-853-5627. We currently have openings for the first Friday and months with a fifth Friday.

Author, storyteller coming to NCS to regale us with tales from the past

Michigan-based author Bill Jamerson will present a music and storytelling program about the Civilian Conservation Corps on Saturday, October 22 at 2 p.m. here at the Center.

Dressed in uniform, Jamerson shares stories about the CCC, reads excerpts from his book and sings original songs with his guitar. It's a nostalgic, fun-filled program with songs, laughter and many heartfelt stories.

He has performed at CCC reunions around the country and at dozens of CCC-built national and state parks. The program is as entertaining as it is informative; as honest as it is fun. It's about people both ordinary and extraordinary; with stories of strength, wit and charm.

The Civilian Conservation Corps was a federal works program created by President Franklin Roosevelt in the

heart of The Great Depression.

During its nine-year run beginning in 1933, over 54,000 men served in Indiana. The men participating were 17-25 years old. The camps were run by the army with an average of 37 camps in operation for each year.

The enrollees were paid \$1 a day with \$25 sent home to their families each month. The money provided relief for their families who were desperate for food and basic necessities.

There is no admission fee for this program, but we will accept donations. Please help us spread the word and get a good crowd for an enjoyable afternoon.

We may not say it often enough, but we are grateful to those in our community who provide for us one way or another.

We appreciate all the Town of Newburgh does for us. Gerald and Don are on the spot when we need repairs or maintenance.

You may have forgotten, or never knew, the Town owns our building and pays our mortgage and utilities. We pay for cable and internet. Thanks so much for your support.

We appreciate our volunteers. Sarah Burke, Theresa O'Rourke and Sue

Welte do our decorating every month. It always looks cheery around here. Thanks.

Thanks to other organizations in town that help us out. Friends of Newburgh loans us equipment and gives us leftover pop and condiments from Fiddler Fest.

Thanks to the folks who sponsor our activities and fund our projects. For sure, we couldn't do this the way we do without your support.
